

# January # 1 2020

Ms. Mooney and Mrs. Edwards  
Kinders'

## CLASSROOM CONNECTIONS

**ELA-Reading:** We will be looking at non-fiction and fiction texts based on the winter season and forces of motion; we will be asking and answering questions about texts we read. We will be identifying, counting, blending and producing syllables in words. We will be identifying onset and rimes and rhyming words. In Letterland, we will be identifying letters and sounds: Kk ck, ng, sh, th, ch, Ll, Ff and segmenting and blending CVC words read. Sight words: primer list (first 10).

**Writing:** Students will continue writing pattern sentences/books with an opinion and a reason. We will focus on handwriting, adding punctuation, capital letters and spaces and writing sight word sentences.

**Math-** We will continue looking at and comparing numerical value (more, less, equal) and representation of 0-20, numeral formation, subitizing and counting on and to 50 by 1s and 10s. We begin our unit on 2D shapes; looking at their properties and comparing them (hexagon, circle, triangle, rectangle, square).

**Science-** We will continue our forces and motions science unit.

## IMPORTANT INFORMATION

**We will continue sending home Baggie Books; please make sure you are reading regularly with your child and writing the books you read on the reading record (IT IS A GREEN PAPER). Please only record the books we give in the bags. We will be sending these home on Monday's and please return them on Friday's. Please keep all the items in the bag and return the books every week.**

Please return all green field trip forms and field trip money by February, 28th.
